Monthly Membership Fees

At JCADA, classes run alongside the school term (where possible). To ensure fees remain affordable they are split into 12 monthly instalments, based on the hours your dancer attends during term time.

During the coronavirus pandemic whilst we are unable to run “in-person” classes; we continue to provide our full timetable online via Zoom as an alternative. Dancers and parents also have access to a wealth of online instructional videos and music, which were created and uploaded during the first lockdown.

Fees are priced as follows for both online and in-person classes.

Tuition during term time

Up to 1 hour per week : £15 a month
Up to 2 hours per week: £20 a month
Up to 3 hours per week: £25 a month
Up to 4 hours per week: £30 a month
Up to 5 hours per week: £35 a month
More than 5 hours per week: £40 a month.

We kindly ask that fees are paid on the 15th of the month by standing order (if this date does not suit you, please speak to us). This saves a lot of administration time chasing outstanding payments. If you are unable to pay by standing order, please speak to Miss Josie for an alternative to be arranged.

Please note membership fees ARE NOT “pay as you go”. For example, in August where we do not hold classes, fees are still payable as your monthly membership payments cover tuition throughout the other 11 months of the year.

Regardless of whether your dancer attends classes, we still have our overheads to cover and we continue to provide a service.

If monthly membership fees are not paid, further tuition will be ceased and your dancer's place will be withdrawn. We are unable to operate without payment from our customers.

We are very understanding and will always do our best to help people who are experiencing any financial difficulties. Each dancer and their families are treated as individuals and you will always find support at JCADA. Fees would only be waived in exceptional circumstances, and this would be treated on a case by case basis, authorised by Miss Josie.
